WORK EXPERIENCE

Hotel Table Booking in Advance Web Application

- Technologies used: HTML, CSS, JavaScript
- Developed a responsive web application that allows users to book tables in advance before visiting a hotel. The system enhances customer convenience by enabling online reservations and helps hotels manage table availability efficiently.

Dance Academy E- Learning Web Application

- Technologies used: HTML, CSS, JavaScript, Bootstrap, PHP, MySQL
- Designed and developed an interactive e-learning platform for a dance academy. The frontend was built using HTML, CSS, JavaScript, and Bootstrap for responsive design, while the backend was developed in PHP with MySQL for database management. The platform allows users to access dance tutorials and manage their learning progress online.

INTERNSHIP

Front-End Developer Intern

- SNND Technologies Pvt. Ltd. October 3, 2024 - March 31, 2025
- Worked on designing and developing responsive user interfaces using HTML, CSS, JavaScript, and modern front-end frameworks. Collaborated with the development team to enhance website performance and user experience.
- Communicated regularly with team leads regarding project status.
- Practiced teamwork, attention to detail, and timely delivery of tasks.

Web Development Intern

- Code Alpha July 2023
- Completed a web development internship focused on building responsive and user-friendly web applications. Gained hands-on experience with front-end technologies and improved skills in HTML, CSS, JavaScript, and web design principles.
- Participated in team discussions and reported progress clearly and professionally.
